

Summit on Behavior and Climate Survey

The Oklahoma State Department of Education is planning a Summit on Behavior and Climate in Schools. The primary goal is to develop well-informed recommendations designed to address the social emotional and behavioral needs present in Oklahoma Schools.

We would like your input with this process and would appreciate it if you took a few minutes to answer the questions below.

Thank you in advance for your time and participation!

Summit Vision An Oklahoma where all students can learn in a positive, supportive, and safe environment.

Summit Mission To positively impact the climate and culture of Oklahoma Schools by developing well informed recommendations for legislative, pre-service and in-service supports, based on input from stakeholders as well as objective sources of data, designed to address the social emotional and behavioral needs present in Oklahoma Schools.
